Rudyard Visit

The weather was so glorious that some people braved the wasps to sit on the balcony writing or sketching. Yet again the staff at the Visitor Centre produced a wonderful & varied buffet lunch to suit all tastes.

Friedensreich Hundertwasser (Austrian, 1928-2000)

This slightly eccentric artist & architect produced artwork with bold colours, swirling patterns &, frequently, faces or masks. Some people took inspiration from the Rudyard visit with its boats & water, others directly from his work.

OCTOBER PROGRAMME DETAILS

Creative Writing is currently funded by **Awards for All**; both professional writers & BV participants lead sessions. **Alison & Jason** facilitate Tuesday morning groups in October; this very supportive group welcomes anyone interested in words.
