BBQ

Thanks to Margaret's kindness – sheltering us from the rain in her barn – everyone had a great time.

A couple of photos as promised.

Glass Painting

Glass paints combine effectively with mosaic, cut foil & even glitter.

'Recycled' Sculpture

People worked with Nadia in 2 ways: first colourful assemblages simply from discarded plastic objects mounted on timber offcuts; then cladding found/unused objects in Modroc (the stuff hospitals set broken bones with) for a very different style. More photos next month.

SEPTEMBER PROGRAMME DETAILS

Creative Writing is currently funded by **Awards for All** & both professional writers & BV participants lead sessions. **Alison** facilitates three Tuesday morning groups in September and **Pauline** the other; this very supportive group welcomes anyone interested in words.

Funding from People's Health Trust using money raised by HealthFair through The Health Lottery supports **Creative Space**.

Creative Space on Tuesday afternoon is a

chance to experiment. **Rose's** theme is Austrian artist **Hundertwasser** (1928-2000) whose pseudonym means '100 waters'. He hated straight lines, his work is often playful & brightly coloured & he was also a very experimental & individual architect.

Just one formal **DIY session** this month but you can arrange with Andy to come any time & use the space & materials.
